- **National Day Celebration - Thursday, November 28th from 8:30 – 11:30 AM**
We are excited for this special event to honor the heritage, culture, and achievements of our beloved country with our school community. The day will be filled with engaging activities, traditional performances, and patriotic celebrations that showcase the spirit of the UAE. We encourage students to wear traditional clothing or the colors of the UAE flag to join in the festivities. Our event team and special volunteers have been actively working to make this year bigger and better.
- **Overseas Trips for Grades 9-12** – Information will be coming out tomorrow for two options which the students narrowed down to Georgia or Thailand. We hope that some of our students will be able to take advantage of opening their mind about culture, food, history and more in these places beyond the GCC. These trips will take place over the end of Semester break at the end of January/beginning of February.
- **We the UAE 2031**- Last week, our students were introduced to the new UAE Vision 2031 and the four pillars which will lead the country forward. If you would like to learn more about this vision, please go to the website: <https://wetheuae.ae/>
