IMPORTANT INFORMATION

Middle School to Begin Class Rotation on Monday, 12 February

We are pleased to share that Middle School will begin a new class rotation schedule starting Monday, 12 February. This shift will introduce students to a more dynamic learning environment, allowing them to engage with subjects in spaces intentionally designed for each discipline.

Students have been prepared for the routines and expectations that come with rotation, and our staff will be supporting them closely as they adjust during the first week.

We look forward to seeing our learners benefit from this enriched structure and the increased sense of responsibility and independence it encourages.
