

DEAR PARENTS

As we continue with distance learning, we want to assure you that the school is fully committed to supporting every student's academic progress, wellbeing, and overall experience during this period. Our teachers and staff are dedicated to providing engaging lessons, clear guidance, and personalized support to help your child succeed in the virtual classroom.

We understand that distance learning can bring challenges, and we are here to assist both students and families every step of the way. If your child requires any support during this period, please do not hesitate to contact the school. We are committed to assisting our students and families and will be happy to help through the appropriate communication channels:

- **Seesaw** – for academic communication with teachers.
- **Concern Link** – available for each department for submitting inquiries.

[Secondary School Parent Concern Form](#)

- **Parents Communication Log** – for follow-up requests or general concerns.

Additionally, school supervisors are available throughout the school day to assist with any urgent matters.

We appreciate your cooperation and continued support in helping us maintain a safe and organized learning environment for all students.

SAFEGUARDING CHILDREN DURING WAR:

- **Create Routines:** Maintain structure through regular mealtimes, play, or learning activities to provide a sense of normalcy and safety.
- **Limit Media Exposure:** Shield young children from disturbing violent imagery in news or social media, which can feel like immediate danger.
- **Be Calm and Present:** Children take emotional cues from adults, so manage your own anxiety. Listen, acknowledge their feelings, and reassure them they are not alone.
- **Explain Gently:** Use simple, honest, age-appropriate language to explain events. If you don't know an answer, say so, but reinforce that you are there to protect them.
