SAFEGUARDING TIP

We would like to share the following advices for the sake of our children's protection.

- Teach your children the difference between good touch and bad touch, with the importance of informing you if anyone acts inappropriately.
- Your responsibility as a parent is to keep your children safe from physical and emotional harm; as well as teaching them the skills to help protect themselves.
- Teach your children not to be alone with a stranger in any place.
- Teach your children not to accept any gifts from strangers if they are not with an adult.
