

DEAR PARENTS

Further to the previous circular regarding the re-registration process for the academic year 2026–2027, kindly note that the re-registration deadline has passed.

Please be informed that several grade levels have already reached full capacity, and there are currently no available seats in those grades for the upcoming academic year.

We kindly encourage parents of students in all other grade levels who have not yet completed the re-registration process to do so at the earliest opportunity, as the remaining seats are limited and additional grade levels may soon reach full capacity.

Thank you for your understanding and continued cooperation.
