

NEWSLETTER 19

DEAR PARENTS

This is a kind reminder regarding the School Bus Parent App launched by Emirates Transport.

We encourage all parents whose children use the school bus service to actively use the app to track bus arrival, as well as student embarkation and disembarkation. This helps improve monitoring, communication, and overall bus service efficiency. Emirates Transport is currently monitoring the system and addressing any reported issues.

Please ensure you have signed up using your registered mobile number (Father or Mother). The User Guides (Arabic & English) shared earlier are provided below again for your reference.

User Guides:

Parent App – Arabic : [Parent app Arabic](#)

Parent App-English: [Parent app English](#)

For any support or assistance, you may contact Mr. Hisham (Emirates Transport Supervisor) at 056 259 5166, or reach Emirates Transport directly at 800 6006.

WHAT WILL HAPPEN AT MAS

Friday, Jan 30

Orange Day (All Students)

Tuesday, Feb 3

Haq Al Laila (All Students)

SAFEGUARDING TIPS

Set Clear Boundaries for Where Your Child Can Go:

How?

Whether it's the park, a friend's house, or the corner store, make sure your child understands the limits, such as "you can play in our front yard, but not cross the street" or "you must stay in the park within sight". Explain why they matter, focus on safety, such as "We stop at the sidewalk because cars cannot always see you". Be Consistent, ensure rules are the same regardless of mood, which helps children feel secure rather than testing limits. Use Positive Language, State what they can do, such as "You can ride your bike on the sidewalk," instead of only focusing on what they cannot do. Build Independence, gradually extend boundaries as children prove they can follow the rules and handle responsibility.
