

DEAR PARENTS

This is a kind reminder that the deadline for re-registration for the upcoming academic year is May 8.

Due to the limited number of available seats and the high volume of applications we are currently receiving from new students, we strongly encourage you to complete the re-registration process as soon as possible to secure your child's place.

Please note that once seats are filled, availability cannot be guaranteed.

Thank you for your prompt cooperation.

Reminder – Re-Registration for Academic Year 2026–2027

SAFEGUARDING TIPS:

How to know if your child is going under distress or Cyberbullying:

Children have different reactions to adverse events in their environment; some signs of distress may not be so obvious. You may ask children "how they are" in a direct or indirect way. However, there are also several signs that are indicators of a children distress:

- Digital Habit: secretive, upset, or anxious after using digital devices.
- Withdrawal: Avoiding, or conversely, becoming obsessed with phones/social media.
- Emotional Responses: Intense anger, depression, or fear.
- Behavioral Changes: Sudden, drastic shifts in mood, increased irritability, aggression, or social isolation.
- Physical Indicators: Fatigue, unexplained aches, weight loss or gain, and signs of self-harm such as hidden cuts or burn marks.
- Academic Decline: Frequent absences, poor performance, or lack of concentration.
- Emotional & Mental Changes: Expressing feelings of worthlessness, hopelessness, increased worry, or intense fear.
